## EXPERIENCE

### Backend Developer intern

May 2023 - Present

*engineerHUB*

*Noida, Uttar Pradesh(Remote)*

- Collaborated with the Tech team at engineerHUB to conceptualize, design, and build the organization's official website, creating efficient APIs using MongoDB, AWS-S3, Postman, Git/Github, Node.js, and Express.js.
- Implemented dynamic data management features, enabling seamless upload, deletion, and updates on the website, demonstrating effective teamwork and contribution to organizational objectives.

### Mentee@Engage 2022

April 2022 - July 2022

*Microsoft*

*Remote*

- Successfully completed an intensive 1-month program focusing on advanced technologies, including TensorflowJs and faceAPI. Designed and implemented a cutting-edge Face Recognition Web App as a practical application of acquired skills.
- Cleared the Technical Round of the interview, showcasing a strong understanding of technical concepts and problem-solving skills.
- Done a 1 month virtual internship at **LetsGrowMore Pvt.Ltd.**

## PROJECTS

### FaceSense | *HTML, CSS, Javascript, TensorflowJs, faceAPI*

[View Project](#)

- Engineered a **Facial Expression Recognition Web Application** using HTML, CSS, and Javascript, with TensorflowJs powering a faceAPI.
- Based on facial expressions, achieving real-time detection of user faces and accurately displaying their emotions, gender, and age.

### Weather App | *HTML, CSS, Javascript, Nodejs, Expressjs, Handlebars, Ejs*

[View Project](#)

- Created a Weather App for accurate weather forecasting using HTML, CSS, and Javascript on the frontend.
- Implemented backend functionalities with Node.js, Express.js, and templating engines (Handlebars, Ejs). Utilized the **OpenWeatherMap API** to provide real-time weather information.

## EDUCATION

### Ajay Kumar Garg Engineering College

Ghaziabad

*Bachelor of Technology in Computer Science, 8.14 cgpa*

*2020-2024*

### Arpan Public School

Thanabhwana, Shamli

*12th in PCM, secured 94.44 percentage*

*2020*

### SDS Convent School

Jhunjhuna, Shamli

*10th grade, secured 82.6 percentage*

*2018*

## ACHIEVEMENTS

- Secured **13th rank in Bit-Coders** (a coding contest organised by Programming Club in our College). [Link](#)
- **Codechef**: Global Rank of **157 in Feb. Long Challenge 2022** and **449 in Codechef Starter 55**.
- Solved over **500 problems** on Leetcode [Link](#)

## CAMPUS ENGAGEMENT/ POSITION-OF-RESPONSIBILITY

- Senior member of Programming Club at AKGEC.
- Backend team member at Campus engineerHUB.

## SKILLS

**Languages:** C/C++, HTML, CSS, JavaScript

**Frameworks/Libraries:** ReactJs(Basic), ExpressJs(intermediate), NodeJs(intermediate)

**Developer Tools:** Git, Github, VS Code, Replit

**Databases/Others:** SQL, MongoDB, AWS-s3, Operating System, DBMS, Data Structures and Algorithm
